Citizen of Canada and the United Kingdom

---

## Education

BSc. Honours Computer Science with Software Engineering Specialization at the University of Windsor (May 2006) [george.fisher@alumni.uwindsor.ca](mailto:george.fisher@alumni.uwindsor.ca)

Dipl. Honours Film Production at Vancouver Film School (VFS), 90% average, top of class (July 2009) [fp123george@vfs.com](mailto:fp123george@vfs.com)

## Training

Java Specialist Advanced Master Course (November 2009) by Dr Heinz Kabutz

EXPERIENCE (See attached page 3 for filmography)

## CAE/Xwave – Software Specialist 3 (September 2006 – July 2008, August 2009 – Present)

On site at Lockheed-Martin Canada - Halifax Class Modernization Project 2009-present – Underwater Warfare Group – Target Motion Analysis (TMA) Lead

- o Designed Target Motion Analysis software – sonar passive ranging – for Halifax class Frigates for the Canadian Navy
- o Held meetings with DRDC Atlantic scientists and Navy personnel to gain expert knowledge on TMA algorithms and research
- o Created a solution that was a hybrid of cutting edge and traditional TMA techniques
- o Implemented solution TMA in Java using Lockheed-Martin infrastructure
- o Prototyped system and simulated test cases in Matlab
- o Designed GUI, developed visualizations, guided GUI developer through development
- o Stayed consistently ahead of aggressive schedule

Advanced Spectroscopic Portal Project 2006-2008 – Nuclear isotope detection system for US Homeland Security, CAE/Xwave was software subcontractor to Raytheon

- o Developed system data archival process in C#, producing large XML files to specification, including XML validation
- o Held meetings with project scientists to review and correct algorithms for data collection, sensor calibration, and noise reduction. Implemented these algorithms in C++
- o Planned and developed Supervisory Computer GUI to specification in C# using user controls and threading
- o Used ADO.NET to communicate with MS-SQL database
- o Worked on C++ to C# bridge, and some work on Matlab/C++ integration
- o Developed in C# for Windows XP, and C++ on XP & CE embedded

- Wrote C++ applications to create test data sets and to feed test data into embedded applications
- Travelled to Boston to participate in and support on-site testing
- Wrote clear and easy to understand documentation

### **Self Employed – Perennial Survey – Web based survey business (2000 – 2006)**

- Developed web applications to allow users to build online surveys
- Dealt directly with customers, provided technical support, custom services
- Clients included Federal Government of Canada, Ciba Vision, Columbia Records, CBS and Volvo subsidiaries

### **Zenrin – Field Researcher (Summer 2005, Summer 2006)**

- Surveyed Canada east of Manitoba for GPS mapping software
- Planned route and schedule

### **Volunteering**

- Numerous short independent films as production assistant
- Canadian Museum of Nature 2004 Summer Volunteer – botany and fisheries
- 2005 Ottawa Folk Festival
- 2001-2005 University of Windsor Residence Judicial Board.

## **SKILLS**

### **Computer Science**

#### *Experienced*

C# (2 years), C++/C (2 years), Java (2 years), Perl (5+ years), PHP (3+ years), XHTML/HTML (7+ years), CSS, SQL, Matlab (1 year)

#### *Basic Knowledge*

Javascript, Actionscript 3, bash/cshell, FTP, JDBC, Mivascript

#### *Tools*

Rhapsody, MKS, Telelogic DOORS, Clearcase

### **Film**

#### *Areas of Experience*

Director of Photography, Directing, Grip/Gaffer, Art Director, Art Assistant, Sound Mixer, Editing, Compositing

#### *Software*

Avid Media Composer, After Effects CS4, Final Cut, Premiere, Illustrator, 3D Studio Max, Photoshop, Flash

#### *Equipment Familiarity*

Sound Devices 702T Recorder, Sound Devices 302 Mixer, Arriflex 16 SR1/SR2 cameras, Sony F355 camera, Sony EX1, Light Meter

### **ACHIEVEMENTS**

- “Evasé” Top Ten in the screenplay competition at Fantastic Planet Film Fest. 2009
- Designed logo for Mary Grady Talent Agency in LA (2007)

- o Elected and re-elected (2004-2006) University of Windsor School of Computer Science undergraduate student representative
- o Featured on CBC radio (2005) – Undergraduate thesis analyzing motion of fish

## INTERESTS

Writing, Fencing (Ranked 125 nationwide in 2008), Illustration, Acting, Railroads
